REMARKS

Responsive to the Official Action of March 8, 2007, the applicant submits herewith amended claims, which the applicant submits now overcome the Examiner's objections.

The applicant has amended claim 5 to depend from claim 16. Based on this, the applicant submits that claims 5 and 6 now overcome the Examiner's indefinite objections.

Responsive to the Examiner's claim rejections, while not necessarily agreeing with the Examiner's rejections, the applicant submits herewith amended claim 1. Claim 1 has been amended to incorporate the subject matter of claim 2. The Examiner has indicated that claim 2 is allowable if incorporated into the base claim.

The applicant has further cancelled claim 13 without prejudice and submits herewith new claim 17. New claim 17 incorporates the subject matter of claim 1 into an apparatus claim and the applicant submits that for the reason above this claim is also allowed.

Respectfully submitted,
